Qualifications are often like a ladder, you can use them to reach different levels. You get off and on, at different stages, using the rungs to help you climb to different stages.

Some people start at a higher rung, and some start at a lower rung (depending on where they can reach). Some people stop at one level, and some climb all the way to the top!

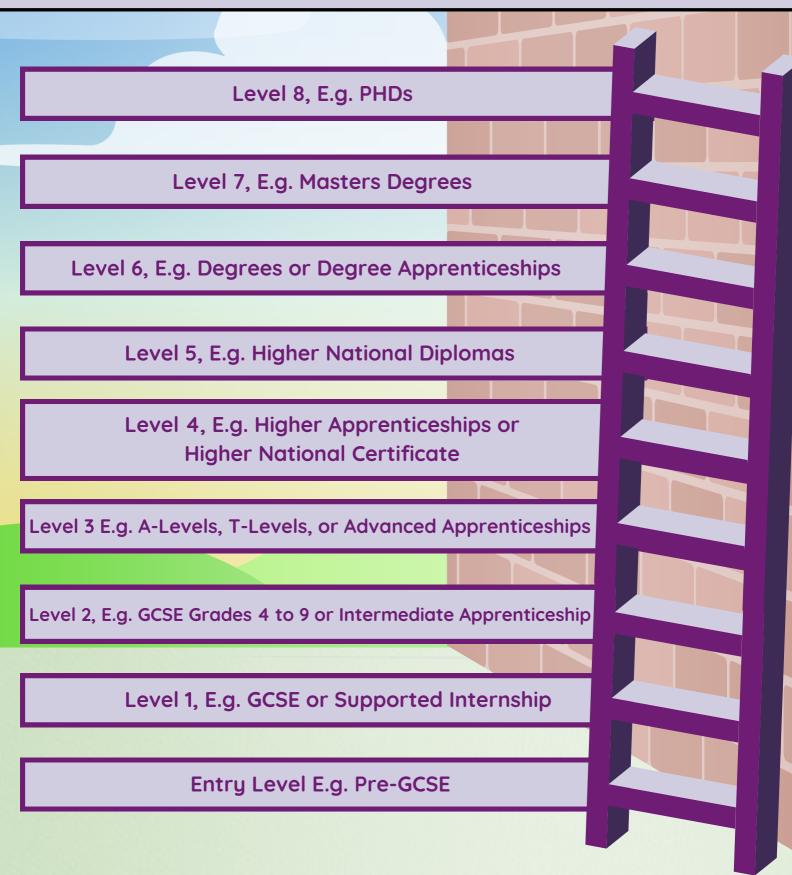

To find further examples of qualifications at each level, check out: <u>https://www.cxk.org/wp-content/uploads/2022/09/The-Nine-Levels-3.pdf</u>
